Each group selected its own commander for the year.

A large, stylized graphic of a mountain peak composed of the word 'ORGANIZATIONS' repeated many times in a grid-like pattern, set against a dark, textured background. The word is arranged in a way that creates a sense of depth and perspective, with the letters appearing to recede into the distance. The overall effect is a dense, textured representation of the word, forming a triangular shape that resembles a mountain range.

As activities change, so do the bulletin boards.

A large, stylized graphic of a mountain peak composed of the word 'ACTIVITIES' repeated many times in a white, sans-serif font against a dark, textured background. The word is arranged in a triangular pattern, with the base being the widest and the peak being the narrowest. The background is dark and has a grainy, textured appearance.

Tuesday, January 28, 1986:
We interrupt these ads with this
bulletin: the space shuttle
Challenger explodes 75 seconds
after the 10:38 a.m. launch.

A large, stylized graphic of a mountain peak composed of the word 'ADVERTISING' repeated many times in a grid-like pattern, set against a dark, textured background. The word is written in a bold, sans-serif font, and the repetition creates a sense of depth and scale. The background is dark and grainy, with some lighter, speckled areas that give it a textured appearance. The overall effect is one of a vast, towering structure made of advertising.

A MEMORIAL
TOBY ELLIS NESBITT
JULY 18, 1972 - NOVEMBER 23, 1985

The 1986 Yellowjacket is dedicated in loving memory of Toby Nesbitt. Though only an eighth grader, he managed to touch the lives of everyone around him. Those who knew Toby will understand when we say that, no matter how young or old, ill or healthy, Toby never worried about the future, but lived life as it came — day by day.

Everyone worked hard on the yearbook.

The 1985-86 school year has been one of special distinction. Not only has it brought many good times to the student body, it has brought unusual occurrences as well. Only once in a lifetime does one have the chance to graduate from high school, have a new beginning, and face new challenges; only once in a lifetime does one have the opportunity to experience such events as the Arkansas Sesquicentennial Birthday or the appearance of Halley's Comet. These happenings as well as the memories made during the past years at Mountain View High School will be things that we will cherish in the years ahead. We hope the 1986 Yellow-jacket will help you cherish these memories as well.
